Select the category "Tertiary Recycled Water Plant of the Year"

STEP 5

Complete the online application

STEP 6

Local Section winners announced

STEP 7

State level plant inspection tours

STEP 8

State winners announced. Good luck!

CWEA'S Plant of the Year award recognizes accomplishments in compliance, innovative practices, cost effectiveness, and superior plant performance in small, medium and large categories.

New for 2021 the Leadership Committee is proud to introduce a new category "Tertiary Recycled Water Plant of the Year."

For purposes of the statewide Plant of the Year competition, applicants applying under the "Tertiary Recycled Water" category above will not compete in the small, medium or large categories.

For this year, the new award will use the same treatment plant of the year online application, simply select the fourth category "Tertiary Recycled Water (w/o solids handling)."

Will your recycled water plant win CWEA's inaugural award?
