Join us for a tour and training. Lunch is included. Register by March 10.

The Sterling Natural Resource Center (SNRC) is a new state-of-the-art wastewater treatment facility that has been designed to provide a sustainable new water supply to boost the region's water independence.

Capable of treating up to 8 million gallons a day, SNRC will recharge the local Bunker Hill Groundwater Basin.

P3S Toolbelt Training meetings are free for members, lunch is included, and note space is limited. **3.6 contact hours**
