mbarillo@cwea.org

CWEA is fundraising to help reimburse two teams for their WEFTEC travel expenses.

The **Student Design Competition** promotes real world design experience for students interested in pursuing an education and/or career in water/wastewater engineering and sciences. It tasks individuals or teams of students within a WEF student chapter to prepare a design to help solve a local water quality issue. Teams evaluate alternatives, perform calculations, and recommend the most practical solution based on experience, economics, and feasibility.
