TRAIN SMART. ENTER SAFELY.

Join the Colorado River Basin Section of CWEA for a focused day of practical safety training.
Six speakers will address the critical equipment, procedures, requirements, and decisions that help crews work safely.

TRAINING SESSIONS

1. **TRENCH SHORING / CONFINED SPACE**
   Protective systems, planning, and hazard awareness
2. **FALL PROTECTION**
   Equipment, selection, and safety work practices for all applications
3. **GAS MONITOR SAFETY**
   Competence for atmospheric testing, readings, and response
4. **BREATHING APPARATUS**
   Respiratory protection and readiness, including options without fit testing
5. **AIR MOVEMENT & VENTILATION**
   Fans and ventilation for hazardous atmospheres
6. **HEAD / BRAIN PROTECTION**
   New technology reducing brain injuries due to rotational-motion impacts

WHO SHOULD ATTEND

- Collection system crews
- Safety coordinators
- Wastewater operators
- Mechanical maintenance crews
- Public works professionals
- Supervisors and managers
- Environmental compliance
- Electrical instrumentation crews
