MESSAGE FROM THE CHAIR

P3S Conference Turns 50, What's Next? Imagining the Future of Clean Water in Monterey

A Message from the P3S Committee Chair,

I am excited to invite you, your colleagues, friends, and fellow water professionals to the 2023 Annual Pretreatment, Pollution Prevention, and Stormwater (P3S) Conference in beautiful Monterey!

While attending the recent P3S conference in Long Beach, everyone I spoke to expressed happiness with the ability to finally be able to meet in-person again. Being newer to the field, I really appreciate the experiences that this conference offers. I had such a great time making new connections and listening to people describe ways in which we can continue to facilitate an environment with clean water.

My time with CWEA and the P3S community has taught me that these collaborative discussions are invaluable to maintaining our excellence as water professionals.

With professional excellence as our goal, we have chosen our 2023 conference theme to be **"The Next 50 Years: Imagining the Future of Clean Water."**

In 2022, we celebrated the 50th anniversary of the Clean Water Act. For 2023, I pose an important question to all of you: What do you believe are the clean water challenges for the next 50 years?

Whether it's addressing PFAS, microplastics, pyrethroids, antibiotics, or hormones, we are the leaders of California's P3S community.

It is up to us to develop, run, and maintain the inspection programs, treatment plants, public outreach campaigns, and spill mitigation programs to address these emerging pollutants and ensure environmental health.

While the list of new pollutants may seem never ending, it is our endurance and unwavering commitment to clean water that drives us forward. **The P3S community will rise to these challenges, and we will do it as a team.**

I encourage you to attend the 2023 P3S Conference in Monterey on January 30-February 1.

Your participation will facilitate your own advancement of knowledge and will allow others the opportunity to learn from you. Your role within the P3S community is an important one: you are someone who champions a cleaner water environment.

We look forward to seeing you in Monterey!

Best Regards,

WILLIAM EDWARDS

“Shore Beats Working!” Beach Clean-Up

Sunday, January 29 • 1:00-3:00 p.m.

Join your fellow environmental enthusiasts by actively making a difference and participating in a beach clean-up! Have the chance to mingle with familiar faces and new ones prior to the core-conference festivities.

P3S is happy to call Monterey home of the 2023 conference, so let's give back to our adorable marine friends by cleaning up Monterey State Beach, in front of Monterey Tides Hotel. We will meet in the Seaside State Beach Parking Lot (northeast of the hotel) and help make the beach a wonderful destination for all walks of life! Trash receptacles and trash pickers will be provided to collect discarded refuse along the way.

Free for all attendees. Each participant also **receives a keepsake stainless steel 50th anniversary P3S water bottle** courtesy of our sponsor **Sunbelt Rentals**.

The beach cleanup is meeting at the parking area south of the hotel.

Warm Welcome

**Embassy Suites Monterey Lobby
Sunday, January 29 • 6:00-8:00 p.m.**

What better way to prepare for a three day conference packed with amazing speakers, much needed training, and important information than a warm welcome! Join old friends and new, while discussing a very important “check-in” question! Shake off the travel gloom, and join us in the Embassy Suites Lobby Bar. Food and drinks available at cash bar. **Free for all attendees.**

Networking with the Partners

**Embassy Suites Monterey Lobby
Monday, January 30 • 4:40-6:30 p.m.**

Enjoy complimentary hot appetizers and cold drinks at this annual networking event. Have fun, talk with the exhibitors, catch-up with friends and stick around for great door prizes.

Pick-up drink tickets from one of CWEA's dedicated exhibitors. **Free for all attendees.**

P3S SIGNATURE EVENT

Salty Seal Brewpub

Tuesday, January 31 • 6:15 - 10:00 p.m.

\$75 Members • \$85 Non-members

Includes dinner and drink tickets • 653 Cannery Row • (831) 920-2327

Please join us for a rockin' evening including networking, socializing, and indulging in delicious food and libations while dancing under the stars at the Salty Seal Brewpub.

Sing along with the band, play some billiards, and catch up with friends by the fire pits without the crowds in the heart of downtown Monterey. Wear layers as it might be a chilly January evening! Dinner and drinks are provided, additional options are available at the cash bar. Space limited, ticket required.

Opening General Session

Monday, January 30
8:30 - 11:30 a.m.

The popular P3S opening sessions continue our tradition of short, inspirational “TED” like talks, followed by an in-depth back and forth between the panelists and audience.

This year’s speakers include:

- **Chelsea Hsin-Feng Tu**
Monterey Waterkeeper
- **Margaret Spring**
Monterey Bay Aquarium
- **Emily Hickock**
Monterey County District Attorneys Office
- **Bridget Hoover**
Monterey Bay National Marine Sanctuary

Win fantastic door prizes during the fast-paced trivia game!

Opening Session **Speaker Bios**

Emily Hickok is a Deputy District Attorney in the Monterey County District Attorney's Office, Consumer and Environmental Protection Unit, where she has served since 2010. Ms. Hickok received her J.D. from the University of San Diego School of Law and her B.A. in Criminology, Law, and Society from UC Irvine.

Bridget Hoover, Water Quality Protection Program Coordinator for Monterey Bay National Marine Sanctuary, has worked for MBNMS since January 1999. As the Coordinator of the Water Quality Protection Program, she works with the agriculture industry and municipalities; reviews permits, emergency response and oversees volunteer water quality monitoring programs. She works collaboratively with our partners to implement innovative solutions to critical issues affecting water quality in MBNMS.

Margaret Spring, the Chief Conservation and Science Officer for the Monterey Bay Aquarium, oversees the aquarium's many conservation and science programs that advance healthy oceans through policy, markets and research. These span its global initiatives to advance sustainable fisheries and aquaculture, including the Seafood Watch program, its work to advance US and California ocean conservation priorities, as well as its related research, including collaborations with the Aquarium's research and technology partner, the Monterey Bay Aquarium Research Institute (MBARI).

Chelsea Hsing-Feng Tu is the Executive Director of Monterey Waterkeeper. Her vision at Monterey Waterkeeper is to ensure safe drinking water and coastal access for all communities. Previously, Chelsea worked as a senior attorney at the Center on Race, Poverty & the Environment. Chelsea also led climate justice advocacy at Public Advocates, and worked to protect freshwater resources, curb sprawl, and reduce toxins and pesticides at the Center for Biological Diversity. She received her law degree from the University of California, Berkeley.

**DOOR
PRIZES**

Win door prizes during the popular P3S23 Opening Session trivia contest. It's the 50th anniversary of the conference, how much do you know about CWEA's P3S Community?

Respect. Protect. Every Drop.

CleanWay® Environmental Partners manufactures stormwater filtration solutions for [drop inlets](#), [catch basin inserts](#), [curb inlet](#) and [downspout filters](#) as well as variants and absorption booms. For effective stormwater treatment, Storm Clean® filtration systems help municipal, industrial and commercial customers comply with NPDES regulations. Our field-proven, adaptable designs easily retrofit existing systems and fit any size catch basin. To treat pollutants of concern at your site, we offer a variety of filtration elements and media to address site-specific water quality requirements.

For stormwater, process and wastewater treatment applications where dissolved heavy metals are a concern, [MetalZorb®](#) provides highly effective removal of metals from water discharge. MetalZorb metals removal media gets the job done with efficient, effective reduction and removal of heavy metals in many [applications](#).

Since 1989, CleanWay has helped businesses and municipalities achieve compliance with water quality regulations. We work in partnership with you to help achieve your water quality goals.

Technical Tour **Monterey One Water**

Monday, January 30th • 1:30-4:30 p.m.

The one water approach views all waters — drinking, wastewater, stormwater, greywater, and more — as resources that must be sustainably managed. See how northern Monterey County is using regional collaboration and the one water approach to meet urban stormwater regulations, improve groundwater quality, and diversify drinking water supplies.

Monterey One Water Regional Treatment Plant

Tour the innovative Monterey One Water Regional Treatment Plant which collects and treats four types of source waters: (1) municipal wastewater; (2) drainage water from agricultural irrigation; (3) wash water from agricultural packaging; and (4) urban stormwater runoff.

As a region isolated from state and federal water projects, these used waters are critical in helping communities meet water demands through water reuse.

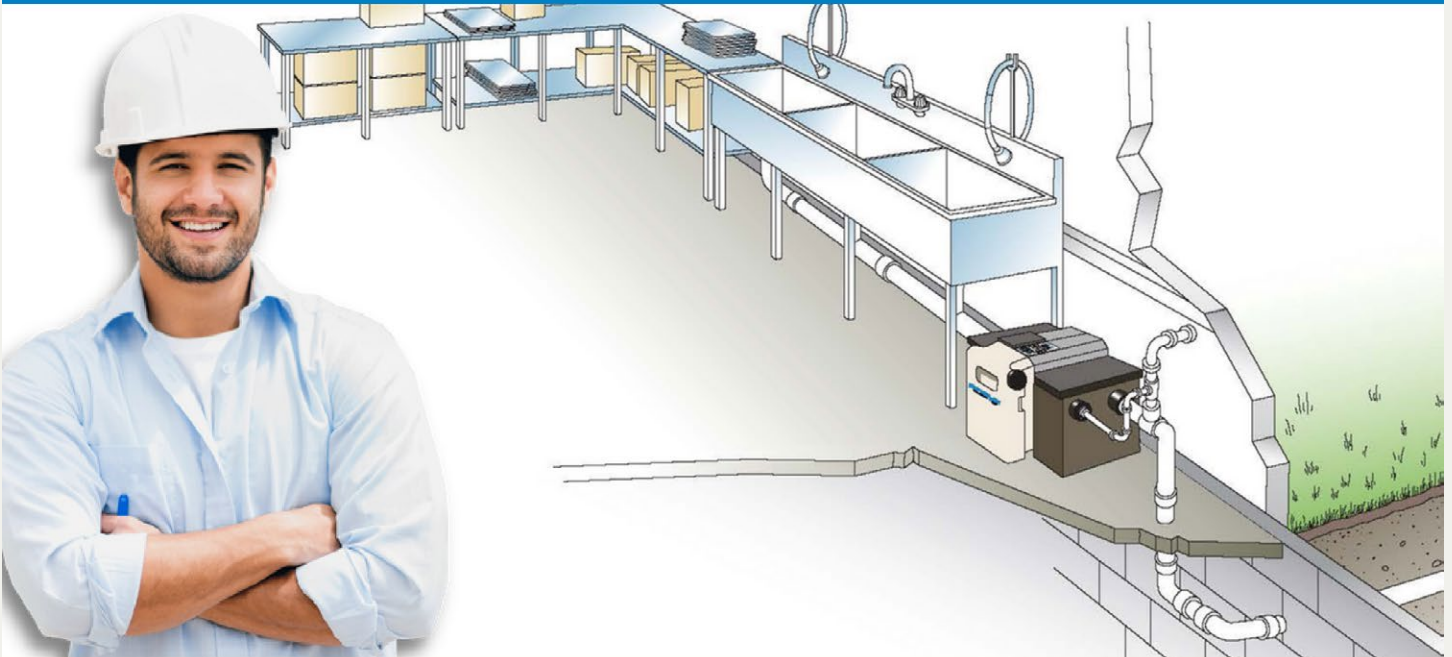

The tour will feature the Plant's Advanced Water Purification Facility — the first full-scale potable reuse facility in northern California. Designed to treat 5 million gallons per day, you'll learn more about the purification technology and groundwater replenishment process that helps support the local potable water supply.

Participants should wear sturdy, closed-toe shoes. Directions to the facility will be provided, please plan to carpool to the site.

The tour is sold out.

Health & Safety Updates

- We're monitoring national and local health alerts, please stay tuned.
- According to the California Department of Public Health, people who are at low risk of severe illness should use personal preferences for mask wearing. People at risk for severe illness should consider wearing a mask and take additional precautions.
- If you are not feeling well, please stay home.

Registration Instructions

Before you register yourself or a group of persons online, please read all instructions and ensure you know which events and meals you or each person in your group will attend. You will need your online CWEA password for all those you are registering. Discrepancies may result in delays when you pick up your registration materials at the conference.

EARLY BIRD REGISTRATION

Register by Monday, January 9, 2023 to receive the discounted conference registration rate. Mailed early bird registrations MUST be post-marked by Monday, January 9, 2023 and accompanied with the appropriate payment to be processed. Save time by registering online!

MEMBER-DISCOUNTED RATES

CWEA, WEF or CA-NV AWWA memberships qualifies registrant for member- discounted rates, memberships will be verified. The additional cost of a non-member registration rate will be applied toward a one-year CWEA membership, unless otherwise stated on registration form.

ONLINE REGISTRATION

Group and individual online registrations can be processed through CWEA's secure website CWEA.org. Event fees are driven by 'registrant type' selected during registration. Please select the appropriate registrant type based on number of days you are planning to attend the conference. If you have any questions during the online registration process, contact Member Services at memberservices@cwea.org or 510-382-7800 x4.

RETIRED MEMBERS

Retired Members are eligible for a special rate. CWEA Bylaws state a retired member is any person both retired from and not currently affiliated professionally or technically with the water quality field. Retired members can submit a registration form by mail, fax, or email.

ACADEMICS & REGULATORS REGISTRATION

Full-time employees of academic institutions are eligible for the Academics rate. Full-time employees of the State Water Board, Regional Water Boards, CalRecycle, US EPA, or Department of Water Resources are eligible for the Regulators rate. To receive this rate, please submit a registration form by mail, fax, or email.

STUDENT REGISTRATION

Full-time students are eligible for a complimentary registration. A student registration includes lunches and the Monday and Tuesday evening receptions. This registration type is not available online since students must provide verification of current enrollment (nine or more units per semester). Students are asked to submit a registration form by mail, fax, or email.

EVENTS & MEALS

Most events and lunches are included in the conference registration fee, please RSVP to help us avoid food waste. There is a fee to attend the Signature Event on Tuesday evening. Guest/spouse tickets are also available.

SPEAKERS

Conference speakers can register online at a discounted rate and instructions will be emailed to them.

REGISTRATION PAYMENT

Full payment may be made by credit card, purchase order, personal check or company/agency check. Credit card payments are accepted using the enclosed registration form or through CWEA's secure website (CWEA.org). For check or money order payments, please make them payable to "CWEA P3S23". Those who submit payments with an Early Bird Registration fee after Monday, January 9, 2023 will be billed for the difference. Registrations received without full payment or purchase order will not be processed. You must be registered for the conference as an attendee to receive CWEA contact hours.

REFUND POLICY

Written cancellation notice is required and must be received by January 16, 2023. A 25% service fee shall be retained on all cancellations. No refunds will be given for cancellations made after January 16, 2023. Please consider a substitution if you are unable to attend.

SPONSOR AND EXHIBITOR OPPORTUNITIES

For more information about Sponsor and Exhibitor opportunities, please contact Nicole Agnone, Exhibit & Sponsorship Manager, exhibit@cwea.org, 510.382.7800 x115.

REGISTRATION QUESTIONS

Contact Member Services at memberservices@cwea.org or 510-382-7800 x4.

SPEAKER QUESTIONS

Contact Melanie Guillen at mguillen@cwea.org.

DISCLAIMER

CWEA and our Board members and volunteers are not responsible for the actions of speakers or the content of their sessions. No endorsement is implied or given of any persons or their philosophies, ideas or statements; nor of any products or processes; nor of any organizations or companies who volunteer to serve as speakers at the conference or exhibitors who purchase an exhibit booth.
