

Cross-Sector Wastewater Surveillance Workshop
**Hosted by the National Wastewater Surveillance System California Center of Excellence and
the Water Environment Federation**

June 5, 2024 | Redwood City, CA

The proposed workshop agenda includes a mix of panel discussions, presentations, and breakout sessions focused on technical and logistical utility support and improving public health communication. WEF will finalize the agenda in collaboration with the California CoE no later than May 22, 2024.
