

# It's Great to Automate!

March 29th | 1:00 - 2:00

[bit.ly/gr8toautomate](https://bit.ly/gr8toautomate)

Join CC-LEAP for a virtual meeting of the **Central Coast Wastewater Working Group**! We will be discussing wastewater automation strategies with **Dave Dutcher of Cannon Corp.**

Learn how automation can drive savings and improve water quality, and how **no-cost programs** like **CC-LEAP** and **RAPIDS** can help you identify automation projects and apply for financial incentives.

All are welcome! CC-LEAP and RAPIDS offer no-cost energy efficiency services to PG&E public sector and business customers across Santa Barbara, San Luis Obispo, and San Benito Counties.
