### Gallo Glass Facility Tour

Gallo Glass, established in 1958, is the largest glass container plant in the United States and a leader in innovation for the wine and spirits industry. The facility is committed to reducing environmental impact through advanced manufacturing practices, resource conservation, and continuous sustainability improvements. This tour offers wastewater professionals an inside look at how a major industrial operation integrates sustainable processes into daily production, including energy efficiency and water stewardship.

### QUESTIONS? CONTACT

Janell Avalos

(209) 652-3335 [javalos@modestogov.com](mailto:javalos@modestogov.com)
