

Join us for a tour of
**American Canyon Wastewater
 Treatment Plant**

Built in 2002, American Canyon was one of the first Membrane Bioreactor and UV disinfection plants in the country, and its 2.5MGD average dry-weather flow is used to support an extensive recycled water system.

March 19th, 2026
4PM

151 Mezzetta Ct
American Canyon, CA 94503

After the tour, a mixer and dinner will be held at La Strada Cucina Italiana with a 1.0 CEU training seminar presented by American Canyon Plant staff. Details to follow.

Admission

CWEA Members: \$50

Non-CWEA Member: \$65
