SANTA CLARA VALLEY SECTION**

PLANT TOUR AND DINNER MEETING

July 10

City of San Mateo's Clean Water Program

Topic: The City of San Mateo and Estero Municipal Improvement District's Water Quality Control Plant's new Nutrient Removal and Wet Weather Flow Management Upgrade and Expansion Project is nearing completion. As wastewater professionals—whether in operations and maintenance or engineering—we have all seen treatment plants in service, but it is rare to witness a brand-new facility undergoing extensive testing in preparation for going online. San Mateo's Water Quality Control Plant features a state-of-the-art headworks, along with two of the most innovative processes for treating sanitary sewage: BioActiFlo and MBR.

Site Tour **Thursday July 10, begins at 3:00 PM** San
Location: Mateo Wastewater Treatment Plant 2050
Detroit Dr, San Mateo, CA 94404

Speaker(s): Scott Joslyn is a professional civil engineer, certified Grade V wastewater treatment plant operator, resident engineer, and municipal wastewater manager. Currently Scott is the Senior Operations Startup and Commissioning Manager for HDR.

Jonathon Salerno has a Mechanical Engineering BS and 3rd Assistant Marine Engineer's License at California Maritime Academy. Jonathan experience as an Operations Supervisor in special projects, automated process controls, and training development helped him move into construction with HDR Inc as an Operations Specialist.
