**Topic:** Palo Alto's Local Advanced Water Purification System  
– Operations Planning and Improving Non-Potable Reuse

The City of Palo Alto's Local Advanced Water Purification System Project construction is underway. Upon commissioning, the facility will improve recycled water quality to reliably produce up to 2.25 million gallons per day of enhanced recycled water. The presentation will discuss challenges with managing seasonal operations, long-term shutdowns, chemical feed optimization, blending ratios and controls, and site constraints.

**Speakers:** Katie Zusy and Erin DeAngelis of Black & Veatch along with Diego Martinez Garcia from The City of Palo Alto will be presenting Palo Alto's Local Advanced Water Purification System Project.

#### Sponsorship Opportunities Available.

**Gold Level** (\$500) Includes: Company Logo on flyer, Banner displayed at dinner meeting, 5 to 7-minute presentation.

**Silver Level** (\$200 or Provide Door Prizes of equivalent value) Includes: Company Logo on flyer, Banner displayed at dinner meeting,

**Bronze Level** (\$100) Includes: Company Logo on flyer.
