

CWEA

The Students & Young Professionals Committee and the Professional Development Committee are pleased to present the

2024 Spring Leadership Book Club

For this book club, we're opening up the floor for you to choose the book you'd like to read from a curated selection!

The sign-up link included below will ask you to vote on a book, a date, and a time.

We're aiming to meet up in April or May at a local spot, Ain't Normal Cafe!

(5701 College Avenue, Oakland, CA, 94618)

[Sign up here!](#)

The overall mission of the CWEA is “empowering, educating, and connecting water professionals to protect public health and the environment.” Being able to accomplish this mission requires leadership skills, and so to that end, we are cultivating the habit of reading and reflecting best practices to be and become excellent leaders in our distinct domains. Doing this in community enhances our individual learning, inspiration, and joy in the process. We hope you will come and join us!
