Photos by CWEA

CWEA's Collection Systems Fundamentals Workshops are designed to support your agency, building essential knowledge and confidence from day one.

Participants will be equipped with the foundational knowledge required for effective management of wastewater collection systems. This full-day workshop will broadly cover the **definitions, key terms, principles, and best practices** of categories required in the **CWEA Collection System Maintenance Grades 1-3 Knowledge, Skills, and Abilities** (KSA) domains.

Earn up to **7.8** contact hours towards your Collection System Maintenance Certification.

FEATURED SPEAKER

William Kleinau, Managing Partner with Engineered Utility Solutions and Collection Systems Manager for Irvine Ranch Water District, oversees 15 staff managing sewer infrastructure across six cities. With 14 years in government, including Navy experience in defense systems maintenance, he led water and sewer teams in San Gabriel and Alhambra and volunteers with CWEA and MSA. See full bio on page 3.

SPEAKER BIO

WILLIAM KLEINAU | ENGINEERED UTILITY SOLUTIONS LLC

William Kleinau has over 14 years of government experience, including 4 years of military experience overseeing a defense systems maintenance cycle as well as preventative and corrective maintenance procedures involving water, electrical, radar and chemical systems.

With a decade in water and sewer systems, Kleinau advanced from a maintenance technician in the U.S. Navy to his current position as Collection Systems Manager for Irvine Ranch Water District, where he now oversees 15 FTEs managing 6 cities, 14 lift stations, and 1,500+ miles of sewer mains.

In prior roles in San Gabriel and Alhambra, he led teams, managed contractors, and enhanced program reliability across lift stations, stormwater, hazardous materials, and NPDES programs. Committed to mentoring, William volunteers with the Maintenance Superintendents Association (MSA) and CWEA's Santa Ana River Basin Section.

“Whether you’ve just started or been here for 15-20 years, **reinforcing the fundamentals is what it comes down to.**

Even if you think you know everything, you don’t, and this just helps bring everything to light and helps you ask questions when you don’t really have a source to ask.”

Nicholas Rubio
Crew Lead,
City of Lemon Grove
