CWEA Northern San Joaquin Section

LABORATORY COMMITTEE

November 20th, 2025 (1:15 PM)

Lunch with a IDEXX Lab Leader: Shawn Dubois on Water Testing Excellence - *(1.5 CEU)*

Come sit down and have lunch with Shawn Dubois from IDEXX. Shawn has been with IDEXX for over 20 years working in research and development and now managing the product support group for North America. He has a BA in biology and a BS in environmental science. During this presentation, he will give an overview of IDEXX methods and equipment most used in wastewater and drinking water laboratories. There will be some products out for display to check out as well. Specific areas of interest to cover QA/QC with the new UV viewer, surviving a audit with IDEXX products, hold-times of samples and colisure comparators as requested by CWEA NSJS laboratory members. Bring your questions from your lab or plan to come to learn!
