

# Join SARBS P3S Committee for Enforcement Response Plan Training

**11**  
August

**TRAINING & EXERCISE**

This training is designed to provide practical skills needed to understand, implement, and manage effective Enforcement Response Plans (ERPs). Attendees will learn how to navigate enforcement requirements, issue appropriate penalties, and bring non-compliant industrial facilities back into compliance with a real-world case study and an interactive workshop.

# Enforcement Response Plan Training Speaker Panel

## **Chuck Durham**

Chuck Durham is a Principal Engineer and the Director of Pretreatment Services at ERG. Mr. Durham has over three decades of experience, he is a recognized expert in water pollution control regulations, with emphasis on the federal pretreatment program. In various projects supporting all 10 EPA regions and 30 states, he has provided the full spectrum of support to develop, implement, streamline, and measure the effectiveness of pretreatment programs. He has conducted more than 600 audits and PCIs, and more than 2,000 industrial inspections, at facilities across the U.S. In addition, he has developed and taught numerous basic and advanced training programs/webinars at local, state, and federal levels.

## **Christine Wong**

Christine Wong is a Senior Environmental Scientist with the Ashworth Leining Group (ALG) based in Camarillo, CA. She has more than 20 years of experience in regulatory compliance and is widely recognized for her expertise in the National Pollutant Discharge Elimination System Permit Program, with a specialized focus on industrial pretreatment programs. She works with municipalities and industrial facilities to develop, evaluate, and implement wastewater and stormwater control programs, including comprehensive pretreatment program audits, updates, and compliance improvements. Prior to joining ALG, Christine served as an inspector, interviewer, and trainer for the national Pretreatment Program, conducting more than 200 pretreatment compliance inspections, audits, and program reviews across the country.

## **Steven Mireles**

Steven Mireles is the Environmental Compliance Specialist for the City of Beaumont located in Southern California's Riverside County. Steven has worked in wastewater pretreatment and Environmental Compliance for the past 10 years, regulating Significant Industrial Users. Steven has a bachelor's degree in political science from the University of California at Berkeley. Mr. Mireles also maintains certifications as an Environmental Compliance Inspector 3, Water Distribution Operator 4, Water Treatment Operator 3, Cross Connection Control Specialist and Backflow Tester.
