

Dear Members and Volunteers,

Our CWEA Tri-Counties Section March Workshop and Training Seminar will happen on **Thursday March 20th, 2025 at the Carpinteria Sanitary District**. Choose from several different wastewater discipline sessions and earn up to 4 contact hours valid for CWEA TCP certificate renewal. Our goal is to help grow your career and this event is an opportunity for members to gain industry knowledge through informative class presentations and topic discussions.

Vendor Exhibits will be open the morning of the workshop, during breaks, and lunch. Lunch will be served and during the lunch break, our members will have a chance to compete in the "**Ops Challenge**" followed by door prize drawings. **Please be sure to visit with all our generous and helpful vendors.** Check the training class program and take full advantage of this one-day workshop.

Visit cwea.org/tcs for an update of this upcoming workshop and future events.

Thank you for your continued support of our local CWEA Tri-Counties Section.
