

Dear Members and Volunteers,

Our Tri-Counties Section (TCS) June Workshop and Training Seminar will be held on **Thursday, June 15th, 2023 at the City of Ventura Water Reclamation Facility**. Choose from several different wastewater discipline sessions and earn up to 4 contact hours valid for CWEA TCP certificate renewal. We are always here to help grow your career. And with **this June workshop**, we're continuing to help you again with many excellent class presentations and topic discussions.

A plant tour will be the highlight of this workshop! **Vendor Exhibits** will be open the morning of the workshop, during breaks, and lunch. A great BBQ lunch will be served, and we will wrap up the lunch with some fabulous door prize drawings. **Be sure to visit with all our generous vendors.** Check the training class program and take full advantage of this one-day workshop.

Register now or visit cwea.org/tcs for an update of this upcoming workshop and future events.

Thank you for your continued support of our local CWEA Tri-Counties Section.
