

Watts in the Water?

Kicking off wastewater energy cost savings across the Central Coast

January 12th, 2022 | 1PM - 2PM

Register today at bit.ly/ccleapwater

Join our upcoming workshop, featuring presenters from AESC RAPIDS and the City of San Luis Obispo

Learn about the **no-cost energy efficiency services** available to Central Coast water and wastewater agencies. This one-hour workshop will kick off a **biannual wastewater energy working group**, connecting you to peer learning, case studies, and technical support for energy efficiency project development.
